

Afruent Group MLM

Which MLM we use:

- Afruent uses a Unilevel Multi-Level Marketing system to pay Afruent members on a monthly basis.
- Afruent gets 15% to 30% Cash Back Bonus (Per Category) from the vendors and it shares it with its members on a 50/50 basis
- ❖ E.g. A plumber charges R500.00 for his/her services and gives Afruent 15% (R500 x 15% = R75.00)
Therefore, 50/50 means Afruent gets R75 x 50% = R37, 50 and the other R37, 50 is paid to our members through the Unilevel MLM.

How Payout will be done:

Gold payout _ Any person who joins Afruent.

_ The member must purchase a service/products at a minimum of R100 & maximum of R999, 99

South African Rands monthly.

- The member gets 5% on their personal purchase only.
- The member gets 5% on their 1st (first) level recruits. [No limit on how many to recruit]
- The member gets 2, 5% on their 2nd level; 3rd level; 4th level and 5th level.

As per example above; If Thabo books a plumber for R500, then we multiply R37, 50 by 5% = R1, 87

R37, 50 by 2, 5% = R0, 94

If Thabo has recruited 10 people; Then **10 (1st level) x R1, 87 = R18, 70**

10 x 10 (100 _2nd levels) x R0, 94 = R94, 00

100 x 10 (1000 _3rd levels) x R0, 94 = R940, 00

1000 x 10 (10000 _4th levels) x R0, 94 = R9 400, 00

10000 x 10 (100 000 _5th levels) x R0, 94 = R94 000, 00

Total = R1, 87 + R18, 70 + R94,00 + R940,00 + R9400,00 + R94000,00_ = R104 454,57/month

Platinum payout _ Any person who joins Afruent.

_ The member must purchase a service/product at a minimum of R1000,00 and more South African Rands monthly.

- The member gets 10% on their personal purchase only.
- The member gets 10% on their 1st (first) level recruits. [No limit on how many to recruit]
- The member gets 5% on their 2nd level; 3rd level; 4th level and 5th level.

As per example above; If Thabo books a plumber for R500, then we multiply R37,50 by 10% = R3,75

R37,50 by 5% = R1,87

If Thabo has recruited 10 people; Then **10 (1st level) x R3, 75 = R37, 50**

10 x 10 (100 _2nd levels) x R1, 87 = R187, 00

100 x 10 (1000 _3rd levels) x R1, 87 = R1 870, 00

1000 x 10 (10000 _4th levels) x R1, 87 = R18 700, 00

10000 x 10 (100 000 _5th levels) x R1, 87 = R187 000, 00

Total = R3, 75 + R37, 50 + R187 + R1870 + R18700 + R187 000 = R207 794, 50 /month

Note:

- ✓ The payouts are determined by how much a person/member purchased that month, if between R100 & R999,99 then a member gets paid as per Gold member payouts and if they purchased from R1000 and more, then a member gets paid as per Platinum member payouts in that particular.
 - ✓ If a member doesn't purchase a service or product in that particular month but he/she still get paid commissions from his/her downlines but Afruent will deduct 75% of their payout.
 - ✓ If the member doesn't purchase/support for three consecutive months, then Afruent will suspend the payout on the fourth month and if the member start purchasing again, Afruent will start paying in that particular month.
